As a taxpayer, I ask you to please reconsider acting on WC Docket No. 18-155. Our free conference calling services are currently at risk of being completely eliminated and costing millions of others and our businesses.

I am urging you to refrain from eliminating services that millions of Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone.

However, if the FCC does decide to remove these services, millions of American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individualist are finding comfort in this type of free conference calling.

Do not take away our free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rule making in WC Docket No. 18-155.

My concern is that the Long Distance Carriers [L.D. C's] should adjust their base rate that they need not cry that they are losing money. And that the L.D. C's should not be so competitive that they each has the lowest base rate. The customers will be more willing to pay a higher base rate. Thank-You Received & Inspected

I am writing to express my concern at this potentially disastrous ruling that will negatively impact my accessibility to the conference calling I have heretofore enjoyed. Please do not proceed with this ruling, I and many others will be impacted by this fiasco if it succeeds. Consider the benefits that open communication as we have it as of now, can be as we can interact with those of many other communities. It aids in being able to listen to church services when I am confined at home for health reasons. Please allow me to retain this free conference calling service.

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

Hello,

We would be very thankful to keep on with the free conference calling. We have 3 children out of state and this is our way of communicating with our family.

We also like to call Moments of Inspiration every day. Maybe you would like to call in too. 1-712-432-8776 - 5689# - 0# for last recording. I know I wouldn't be allowed to call if had to pay by the minute. Thank so much!

Dear Sirs,

My husband & I are both in our 70's. We don't have a radio or TV so depend on the conference line for news, and find the weekly singing very inspiring. When unable to attend church or other gatherings we greatly appreciate this service. If this service is taken, we, like many others won't be able to afford other set-ups and will greatly miss this service and miss out on alot of news.

Some of the surgeries I had so far include: Thyroid, Gall Bladder, Hysterectomy, Rectocele & Cystocele surgery, Giant Cell tumor surgery, Appendicitomy and Hernia surgery.

We just hope and pray this conference line can continue as many people benefit by it.

FREE
Sincerely,
Mary B. Weiler
